Also, in December 2015, our compensation committee determined that the combined Adjusted OIBDA for Sirius XM, and Braves Holdings, and a proportionate share of the equivalent measure of Adjusted OIBDA of Live Nation, was approximately \$1.85 billion using the formula described above, exceeding the Threshold by approximately \$1.35 billion, thereby creating a notional bonus pool of approximately \$12.81 million, which exceeded the amount necessary to cover the aggregate maximum bonus amounts of all the participants and enabling each participant to receive a bonus of up to his maximum bonus amount.

Individual Performance for Bonus. Our compensation committee then reviewed the individual performance of each participant to determine the reductions that would apply to each participant's LMC Maximum Individual Bonus. Our compensation committee took into account a variety of factors, without assigning a numerical weight to any single performance measure. This determination was based on reports of our board, the observations of committee members throughout the year, executive self-evaluations and, with respect to the participants other than Mr. Maffei, the observations and input of Mr. Maffei. In evaluating the performance of each of the participants for determining the reduction that would apply to the LMC Maximum Individual Bonus, our compensation committee considered the various performance objectives related to our company which had been assigned to each participant for 2015, including:

The incentive plan is administered by the compensation committee of our board of directors. The compensation committee has full power and authority to grant eligible persons the awards described below and to determine the terms and conditions under which any awards are made. The incentive plan is designed to provide additional remuneration to certain employees and independent contractors for exceptional service and to encourage their investment in our company. Our compensation committee may grant non-qualified stock options, SARs, restricted shares, restricted stock units, cash awards, performance awards or any combination of the foregoing under the incentive plan (collectively, **awards**).

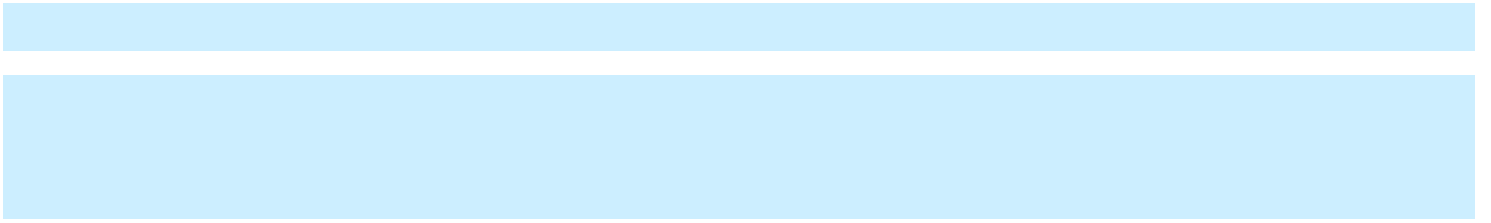

The maximum number of shares of our common stock with respect to which awards may be issued under the incentive plan is 74,940,000, subject to anti-dilution and other adjustment provisions of the incentive plan. With limited exceptions, under the incentive plan, no person may be granted in any calendar year awards covering more than 24,000,000 shares of our common stock (subject to anti-dilution and other adjustment provisions of the incentive plan) nor may any person receive under the incentive plan payment for cash awards during any calendar year in excess of \$10 million. Shares of our common stock issuable pursuant to awards made under the incentive plan are made available from either authorized but unissued shares or shares that have been issued but reacquired by our company. The incentive plan has a five year term.

In connection with the LMC Spin-Off, our company's board of directors adopted the Liberty Media Corporation Transitional Stock Adjustment Plan (the **TSAP**, and together with the incentive plan, the **existing incentive plans**). The TSAP governs the terms and conditions of equity incentive awards with respect to our common stock issued in connection with adjustments made to equity incentive awards relating to Old LMC's common stock that were granted prior to the LMC Spin-Off. No further grants are permitted under the TSAP.

These deferral elections must be made in advance of certain deadlines and may include (1) the selection of a payment date, which generally may not be later than 30 years from the end of the year in which the applicable compensation is initially deferred, and (2) the form of distribution, such as a lump-sum payment or substantially equal annual installments over two to five years for elections made prior to January 1, 2016.
