- At the end of the second quarter, Braves attendance was up 23% compared to 2019 season
- 24 game sellouts as of All-Star break

“SiriusXM generated impressive financial results despite the challenges in the auto market. Live Nation continues to capitalize very well on the exceptional consumer demand for live experiences. Formula 1 is making the most of our growing worldwide popularity as evidenced by race attendance, TV viewership and engagement across platforms,” said Greg Maffei, Liberty Media President and CEO. “The Braves have played excellent baseball the past two months and have successfully driven attendance growth compared to 2019 off of an already high base.”

Discussion of Results

Unless otherwise noted, the following discussion compares financial information for the three months ended June 30, 2022 to the same period in 2021.

– The following table provides the financial results attributed to Liberty SiriusXM Group for the second quarter of 2022. In the second quarter, approximately \$7 million of corporate level selling, general and administrative expense (including stock-based compensation expense) was allocated to the Liberty SiriusXM Group.

Primary F1 revenue represents the majority of F1’s revenue and is derived from (i) race promotion revenue, (ii) media rights fees and (iii) sponsorship fees.

There were seven races held in the second quarters of both 2022 and 2021. Throughout 2021 and particularly in the first half of the season, attendance at races was limited due to the pandemic, and the Paddock Club did not operate in the first half. F1 does not expect its results in 2022 to be impacted by such capacity limitations, though fan attendance continues to be assessed by relevant government authorities on a race-by-race basis. Operating income and adjusted OIBDA increased in the second quarter. Revenue growth more than offset increased operating costs due to higher player salaries, more normalized levels of facility and game day expenses, increased revenue sharing expenses and increases in personnel costs. Selling, general and administrative expense increased primarily due to increased special event expenses, increased marketing initiatives and higher personnel costs.

The Formula One Group holds an approximate 11.0% intergroup interest (6.8 million notional shares) and the Liberty SiriusXM Group holds an approximate 3.7% intergroup interest (2.3 million notional shares) in the Braves Group as of July 31, 2022. These shares are not included in the outstanding share count of the Braves Group in Liberty Media's most recent Form 10-Q. Assuming the issuance of the shares underlying these intergroup interests, the Braves Group outstanding share count as of July 31, 2022 would have been 62 million.

SCHEDULE 1

To provide investors with additional information regarding our financial results, this press release includes a presentation of Adjusted OIBDA, which is a non-GAAP financial measure, for the Liberty SiriusXM Group, the Braves Group and the Formula One Group, together with reconciliations to operating income, as determined under GAAP. Liberty Media defines Adjusted OIBDA as operating income (loss) plus depreciation and amortization, stock-based compensation, separately reported litigation settlements, restructuring, acquisition and other related costs and impairment charges.

Liberty Media believes Adjusted OIBDA is an important indicator of the operational strength and performance of its businesses by identifying those items that are not directly a reflection of ea iimn s dde th sec at e in refle

- (a) During the three months ended June 30, 2021, SiriusXM recorded insurance recoveries related to the SXM-7 satellite of \$140 million and acquisition and restructuring costs of \$3 million. These charges have been excluded from adjusted OIBDA.

## SCHEDULE 2

This press release also includes a presentation of adjusted EBITDA of SiriusXM, which is a non-GAAP financial measure used by SiriusXM, together with a reconciliation to SiriusXM's stand-alone net income, as determined under GAAP. SiriusXM defines adjusted EBITDA as net income before interest expense, income tax expense and depreciation and amortization. SiriusXM adjusts EBITDA to exclude the impact of other expense (income) as well as certain other charges discussed below. Adjusted EBITDA is a Non-GAAP financial measure that excludes or adjusts for (if applicable): (i) loss on extinguishment of debt, (ii) share-based payment expense, (iii) impairment, restructuring and acquisition costs, (iv) legal settlements/reserves and (v) other significant operating expense (income) that do not relate to the on-going performance of SiriusXM's business. SiriusXM believes adjusted EBITDA is a useful measure of the underlying
